

Help Someone who has Asthma Today!

The standard medical approach offers no cure for asthma. If you suffer from asthma, you may feel condemned to a lifetime of taking drugs without ever being rid of your condition. Many people are turning to the drugless healing of Chiropractic. Chiropractic is the only healing art that can free people from spinal nerve interference and thus from a lifetime of taking drugs for their "incurable" condition.

If you suffer with asthma, you need to be sure that your lungs and bronchi are receiving uninterrupted nerve communication from your spine.

Offer for new and reactivating patients only.
Coupon must be presented at time of appointment.
May not be combined with any other offer.

The Chiropractic mission is to help people heal without masking their pain with drugs. We can't reach everyone personally to tell them that Chiropractic can help but we can offer a helping hand: Refer those who you think could benefit from our care and we will give them our honest and sincere assistance—and this certificate for a complimentary exam.
